LEXINGTON. KY., FEBRUARY 4, 1927

DEAN ANDERSON **ELECTED HEAD OF** H. & V. ENGINEERS

Society Chooses Kentucky Man as New Leader at Thirty-Third Meeting Held in St. Louis January 23-26

VISITS COLLEGE ROOTH

General Manager of Buffalo Forge Company Addresses Engineering Convocation

Dean F. Paul Anderson of the University of Kentucky College of Engineering was elected president of the American Society of Heating and Ventilating Engineers at the thirty-third annual meeting held at the Statler hotel, St. Louis, January 23

Last year through the efforts of Dean Anderson the convention was held in Lexington. It is pointed out that Dean Anderson made an enviable and permanent scientific reputation as director of heating and ventilating research in the Bureau of Mines at Pittsburgh. No achievement of the "Little Giant," however, will overshadow, in the minds of Kentuckians the service he has rendered the youth of the Commonwealth in building up in Lexington the excellent college of which he is head.

Members of the St. Louis Chapter of the Society of Heating and Venti-lating Engineers made preparations for their meeting several months in

FARM AND HOME MEETING HERE

Governor Fields and Many Other Noted Speakers Appear on Program Before Farmers Assembled Here

TAX SYSTEM DISCUSSED

The Farm and Home convention held at the Experiment station of the university last week, was considered by many to have been the most successful meeting of its kind in the 15 years that this annual gathering of Kentucky farm men and women has success from the standpoint of at-tendance, program merit and inter-est, according to those attending.

An outstanding feature of the week

was the complete endorsement of cooperative effort on the part of farmers. Whether banker, farmer or railroad man, every speaker approaching the subject emphasized the need of farmers standing together as never before, for the solution of their own prob-

Governor William J. Fields appeared before the convention on Thursday morning. The governor oreught great applause when he advocated a revision of the taxing sys-

Orchestra to Play

zation Here on February 5

The Minneapolis Symphony Orche tra, conducted by Henri Verbrugghen, will give two concerts at the Woodland Auditorium on February 5. A matinee concert at 2:15 o'clock will feature a "children's program," with all numbers played chosen from the list of pieces in the state music contest which is being conducted through out the state in the public schools Students and teachers can secure re served seats for this concert at 50 cents each if they order ten or more tickets. This offer is to any school.

The concert at night is the fourth number in the "artist series" sponsored by Miss Anna Chandler Goff, and the season tickets are good for

This is the 24th season for this orchestra, and their second visit to Lexington, as they played here abou 12 years ago. The entire orchestra of 85 men will be present and Mr. Verbrugghen will conduct both mat inee and night. Matinee prices are \$1.65 to adults; 50 cents to students of ten or more. Night: \$1.10, \$1.65, \$2.20 and \$2.75 including war tax. Tickets can be ordered from the Lex-ington College of Music.

Talk on "Snakes"

Dr. Funkhouser Addresses Cam-pus Club Meeting

Dr. W. D. Funkhouser addresse the regular meeting of the Campus Club of the university Tuesday night at the of Dr. and Mrs. McVey. The meeting was preceded by a buffet

Dr. Funkhouser's subject was upon snakes and he gave a short sketch of the characteristics, habits, and pe-culiarities of various snakes. Toward Now they're packing their trunks the end of the address Dr. Funkhouser brought out two live specimens to to the laundry, and extolling the dethe terror of many of his auditors.

The Campus club was organized badoes. If all the talk of going to four years ago and every woman emfar places is true, within two weeks a member. Blue and White Lineup Will Be Same; Reports State Virginians Weakened by Guard's Injury

'CATS ARE EAGER TO WIN

Receive Word That They May Attend Tourney by Winning

There should be quite a commotion round the old home town tonight.

Anyway, this is what we think with the famous old Generals of Washington and Lee coming to town for a basketball game and the University of Agriculture, and received the Weild of Kentucky Wildcats, their backs rumpled, ready to receive them in open arms.

Probably some will recall that Washington and Lee trimmed the Wildcats by a 14 to 13 score in football last fall-not so much because they were better, but because Kentucky seemed more than willing that day to donate a point or two every now and then. This is the situation tonight. Washington and Lee is coming to town all cocked and primed, but they will be perfectly satisfied with a one point victory.

The Wildcats, on the other hand, ave just learned that if they wir two of their remaining three games in the Southern Conference they will be among those present when the Conference tourney is inaugurated in Atlanta the last of this month. This should be incentive enough, and Jenkins passes the word that the Generals are in for a tough evening, if they think they are good enough to whip Hayden's Wildcats, even if the latter have won only two games thus far this season.

Lexington fans are of the opinion that the Blue and White could have beaten Georgetown on the local floor and with a little more luck they would have trounced them on their own

IN MEMORIAM

"The Grand Old Man of the University"

On January 14 at a dinner given by the Hazard Coal Operators' Exchange, Dean Charles J. Norwood, head of the department of mining engineering, was honored by the Kentucky Mine Operators' Association as few men are honored during their lifetime. At that dinner, Frank D. Rash, president of the mine owners' association, saying that Dean Norwood had done more than any other man in the industry to further the development of the coal business of the state, presented the university with \$1000 to found a scholarship fund aid students in the mining department, the fund to be known as the Charles Joseph Norwood Scholarship fund.

Six days after being honored in this striking way by the leaders in the industry for which he had given the best years of his life, Dean Norwood was fatally stricken with paralysis at his home. On the night of the twentieth of January the university lost one of its most zealous workers; the coal industry of the state was bereft of its recognized leader; and the city and state were deprived of one of their most patriotic citizens and cultured gentlemen.

But three short months ago hundreds of faithful friends of Dean Norwood were manifesting their devotion to "the grand old man of the university" as Dean Anderson termed him, by showering Dean and Mrs Norwood with countless messages of love and congratulations on the occasion of the fiftieth anniversary of their wedding. Today these same friends scattered far and wide througout the country mourn Dean Norwood's passing as a deep personal loss.

Like so many men of his calibre, Dean Norwood continued his work until the very shadows of the night darkened over him. And yet, while he is gone, his work lives on and in the department of mining engineering, as well as in the memories of all who knew and loved him, there exists an everlasting memorial to Dean Norwood, scholar, leader and gentleman.

YEA, KENTUCKY, FOUGHT!

Probably anything we could say about the Kentucky-Centre game last Saturday night would be superfulous. Since the referee's whistle mercifully allowed all the spectators to once more assume natural respiration, that game has totally eclipsed exams, new students, and the like, and has maintained a complete monopoly on the campus conversation.

Yet The Kernel feels that as representative of the student body, it must express to the team the appreciation of the school for the fight it made Saturday night against superior odds. Every man on Kentucky's team showed the old Kentucky fight-and Kentucky is proud of every one of the players.

In many respects athletics at the university this year have been disheartening. But when the basketball team wins its most important game-when even its staunchest supporters doubted its ability to do so-and in such a glorious manner as the Centre game was won, the future takes on a rosier aspect.

Keep it up, team. Play hard and play fair as you did, Saturday night and Kentucky will be proud of you always-win or lose, just as it is now.

NEWSPAPER ADVERTISING

(From The Lexington Herald, January 23, 1927) An enumeration of the reasons for advertising has recently been given out. There are eight reasons ad vanced, but there are many others, of course. However, here are eight that are very splendid and highly con-

vincing, as given in a southern newspaper: Newspaper reading is a universal daily habit; news paper advertising, therefore, reaches each day virtually all who buy.

Newspaper advertising is the life blood of local trade because it touches all consumer sources in every community. It gives the national advertiser the same opportunity for complete consumer appeal in any

Newspaper advertising cuts selling costs because it entails no waste in locality of circulation. Manufacturers use it to cover markets where it is profitable to do business.

Newspaper advertising insures quick, thorough and

economical dealer distribution and dealer good-will, because retailers are willing to sell products advertised

Newspaper advertising enables manufacturers to tell where their products may be bought.

Newspaper advertising can be started or stopped over night, can be prepared between days to meet certain developments and to obtain immediate results.

Newspaper advertising costs less than any other

The merchant or other business man who is not taking advantage of the opportunities offered by newspaper advertising to boost his business now will still be facing readjustment problems when his competitor is back on a normal business plane.

EDUCATION AND FINANCE

Maintaining that the problem of educational de velopment in Kentucky is almost wholly financial, Dr. Frank L. McVey in a paper read before the K. E. A. and published for the first time in the January 30 issue of the Lexington Herald, analyzed the defects in the present system of education in Kentucky and offered suggestions for its improvement.

Educators of the state and laymen interested in the development of education in Kentucky welcome this paper by Dr. McVey as a scholarly and practical discussion of the problem. Limited in length, the paper is by no means exhaustive of the subject, but it does cast considerable new light on a much-discussed question It discloses the fact that while Kentucky ranks 26th in wealth it is 44th in education. In other words as Dr. McVey says, "a great commonwealth that is fairly well to do is lagging behind in its support of education and the maintenance of good government."

Unquestionably, the development of its educational system is the greatest problem confronting Kentucky today, and The Kernel as representative of the state university, joins with the daily press and all citizens interested in the welfare of the commonwealth, in seeking a solution to the problem. The Kernel therefore respectfully calls attention of legislators, educators and patriotic citizens to Dr. McVey's paper as worthy of careful consideration in their effort to reach the desired

THIS AND THAT

We hear that English barbers are predicting the return of face foliage for the properly dressed man Someone should opine that it is time for the co-ed to begin practicing the art of keep a stiff upper lip.

Can you imagine a man more lazy than the one who stood in a revolving door for 15 minutes waiting for someone to give it a turn?

"Let the Lower Lights Be Burning" is the proper campus song for this season now that cramming for the finals has taken its place in history.

Scientists are holding forth quite vigorously that the peanut is not really a nut. The next thing we know someone will be telling us that we can flunk a five hour chemistry course and then depend on our English grade to give us our standing.

There is some justice left in this life. Saturday night's 27-25 Wildcat victory over Centre is more than enough to prove it.

> The saddest words yet uttered, O'er rolling seas or verdant plain-Are those of the stude who stuttered, I-I didn't see the game!

Pardon us, but have you told anyone that you have seen a returning robin yet?

The man who said that a collegiate person was a youth who acted and dressed like college boys are supposed to, uttered more truth than poetry, to our way of thinking.

LITERARY SECTION

VIRGINIA BOYD, Edito

As the new semester opens and we have new talent coming to us from the high schools, it gives the literary editor pleasure to think that there are new minds thinking and new thoughts being produced. This section of The Kernel is devoted to the literary efforts of the students of the University of Kentucky, and due respect is given to every contribution. We ask the new students ming to the university not to be timid about expressing their views on the problems of youth, and not to suppress the spontaneity of their poetic nature; we at least appreciate their efforts -The Editor.

Mirage

-It is curious to touch death where life was. -Now in this silence I perceive you clearly, you who are dead to me. Dead but have shadows life? Nay, I know not.

-Only this I know that love was, and a maddening desire to worship. Your hands wove dreams, and in your words were melodies unutterable. Yet now, nothing. What, there are shadows still?.... But they are shadows only.

-Worlds and loves fade, unbrageous cosmic elements, and dreams too evanish. . . . I weep this beauty darkly hidden.

-It is curious to touch death where life was. -М. Н.

Her

Her hair a gold aurora, A dazzling dawn of light; Her cheeks like spring's first roses Fresh opened in the night. Her eyes two sparkling spoonfuls Of Mediterranean sea Dipped up where 'tis deepest, And drunk by none save me. Her lips as true a bow As that whose shaft well sped Laid bold Cock Robin low. And stained his breast with red: Her neck a fairy's neck Whereon faint flushes play As moonlight on a pearl Fresh taken from the bay. -H. H. W.

THE LIE I am tired of your truth Stagnant from hearing facts Experiments and examples-Spin for me a charming lie, A lie that has color and feeling Then will I believe.

RELIGIOUS DISCUSSION

Luke 4:1-13 Lesson exposition by George Ragland, Ph. D., Pastor First Baptist Church, Lexington.

The Christian Overcoming Temptation

1. Our lesson is the interesting study of a thrilling battle and a glor victory. It is a battle in which each of us is vitally and eternally interested, for in Christ's victory over the devil we, too, can have victory.

Out of the silent and secluded years at Nazareth Jesus came to be baptized of John in the Jordan. The Holy Spirit attended His baptism and God approved in a definite manner. Out of heaven came the words, "This approved in a definite manner is my beloved Son in whom I am well

From this rich experience Jesus went into the wilderness of Judea. For forty days He lingered there and fought out His problems, moral and spiritual, being tempted of the devil. At the end He was exhausted and hungry and the devil made a supreme attack, typical of the many he had made on Christ, typical of the many he will make on us

II. The First Temptation (Luke 4:3-4)

"If thou art the Son of God." The last words Christ had heard before words of God at his baptism: "This is my beloved son." The devil prefaces his temptation by suggesting a doubt of God's word. To slander God is the business of the devil. His garden he began the temptation of Eve by suggesting a doubt of God's method with us. Be careful that you never doubt God's word. It is the first step in defeat at the hand of

"Command that these stones be come bread"-the temptation to satisfy hunger in the wrong way.

Christ was hungry, he wanted bread. Why should he hesitate to perform this miracle? His reply tells us. He must meet and defeat the temptation as a man, and "Man shall not live by bread alone." Man's life is more than material existence He must not magnify material over spiritual. How did Jesus meet the temptation? Hear his answer: "It is written." To him the word was spiritual. is written."

III. The Second Temptation (Luke 4:5-8)

The easiest way out—win by yielding to wrong. Politics is too often the curse of religion. Sometimes re ligious leaders seek to advance religious causes by wrong methods and accept compromise and expediency rather than right. This was the temptation Christ now faced. It was an appeal to substitute an earthly without a Gethsemane, with out a Calvary, for a spiritual kingdom gained by way of the cross.

Victory came again as Christ replied, "It is written" and in reliance on God's word chose to worship and serve God only.

IV. The Third Temptation (Luke 4:9-12)

A spiritual temptation appealed to spiritual pride. A subtle and deceptive temptation Christ met the temptations by quoting the of God. "It is written" had word of God. been his appeal. The devil now resorts to scriptures as he too says, ture is a misinterpretation. The words he used come from the 91st Psalm but they are taken out of their setting. False doctrines have in them an element of truth which makes them more deadly. A half truth is worse than a lie. The devil appealed to Christ to misuse God's promises and make a mere display of

But Jesus knew the scripture in its setting and immediately replied, "It written again."

V. The Devil in Defeat (Luke 4:13) When the devil had tried every temptation and failed he left Christ 'for a season" or in the real meaning of the original "until a good opportunity" was afforded.

VI. The Lesson for Us We who follow in the steps of the Master are challenged by this study to know the sciptures and hope for

victory through Him. May the Victor of the Wildernes elp us in every temptation and give us a final and glorious victory in His

WILDCATS TRIM CENTRE COLONELS, 27 TO 25

KNADLER STARS IN THRILLING **VICTORY**

(By WARREN A. PRICE) son took place last Saturday night.

A squad of confident Centre players possessing basketball ability that was destined to sweep away the meager offerings of the Wildcats came to Lexington last week-end and found too much Wildeat to win so they lost one of the most brillian games played on the home floor this year, 27 to 25.

With the score 23 all, "Toots" Knadler, who had been substituted for Phipps, put Kentucky ahead by connecting with a crip shot in the closing minutes of the game. Not wanting Kentucky to enjoy a two point lead for over a minute, Centre came back sunk one through the mesh from near the middle of the floor. Again Knadler was called on to win the game, and he did, by receiving a quick pass from Helm, and making good another crip just as the final

iod, the second team remained in the game and the Louisville lads, playing Pikeville (17) fine basketball, ran the score to within Ratliff a few points of a tie. Corbin (4)

With five minutes to play, Jimmie (5) Morris
Picklesimer
Hatcher (5)
rushed the shock troop back into the fray, but the Louisville boys were right and sank three consecutive field - McLane goals before they could be stopped. The Big Green got the fireworks started again and drew away to win

under wraps.

Jeffries and Milward played unusual games, the latter being responsible for 12 points. Jeffries was second U. OF L. FRESHMEN his credit. high point man with 10 markers to his credit. The entire first team showed excellent form while in the game except for a few minutes after going in the last half. Lyons and Combs each made six points.

We need college sports only se tion better with Helm and Jenkins playing splendid offensive games. Helm hit a nice crip and Hawkins retaliated with a long field goal. Jenkins swung into action and made two consecutive goals. Jimmy Sharpe added two foul goals.

The Kittens succeeded in repulsing the invasion of the University of Louisville frosh quintet at the university grand affairs held in tremendous stadia, soaking the public and making successory to the invasion of the University of Louisville frosh quintet at the university grand affairs held in tremendous stadia, soaking the public and making suckers out of the student body, it field goal in the first quarter a case.

RUSH

To all men who make a hobby of pipes

MAYBE you've spent half your life and fortune on this old hobby-collecting everything from peace-pipes down to the latest "L and Maria" underslung. Maybe you know the pipe encyclopedia from amber Americanus to Zula zuago.

But if you're a pipe smoker, you learned long ago that no matter how much a man may know about trick pipes and pipe tricks what he gets out of any pipe depends on what he puts in it.

And if you know your tobaccos, you know that any pipe's a sweeter smoke when packed with grand and glorious old Granger Rough Cut. . . The finest Burley that grows, mellowed Wellman's way and specially cut for pipes. . .

A man may have a hundred pipes but he needs only one tobacco... and that's Granger. For whether you put it in a meerschaum or a corn-cob, Granger is always the same cool, sweet tobacco... worthy of any pipe in the world.

GRANGER ROUGH CUT

Granger Rough Cut is made by the Liggett & Myers Tobacco Company

hardwood. The Cats were late in getting their battle spurs on, consequently the Tigers, impatient as usual, said they couldn't wait, and proceeded to flip in four successive field goals-just like Centre did last Saturday night. Kentucky's comeback bomb was timed just a little too late and thus the 26 to 19 defeat.

Reports have it that W. and L. will crippled for their game tonight with Howe, sterling guard, out of the lineup. He was left at home with a nearly its just proportion. His badly infected foot.

WILDCATS PLAY trine and Latin America"-Mr. Ed- FOUR PRIZES OFFERED TO STUDENTS FOR NEW PLAYS (CONTINUED FROM PAGE ONE)

> American Academy of Dramatic Arts of New York. All four will be published by the Play Department of Longmans, Green and Company. The ontests have been organized by Nathaniel Edward Reed and will be under his general supervision.

The prizes to be offered for the winning plays are a cash advance royalty of \$500 for the "All-Ameri-UNIVERSITY CLOSES can" play, and \$250 for the Biblica and each of the one-act plays. Aside from the advance royalty the playtem so that land might bear more nearly its just proportion. His gross receipts from the sale of books. To avoid unnecessary expense, the Drama league will correspond only with the school and state centers. The individual authors will make their Reed. Mr. Reed will also tour the country this season in a discussion of the modern theater, and will be glad where possible, to meet any group of aspiring play-writers.

> The rules of the contest are: : 1. Plays must be original and owned by the author, and must not previously have been produced or pub-

2. The treatment may be in any manner - burlesque, farce, comedy, drama, melodrama, tragedy, or mys tery. But neither material nor treat ment may be offensive to good taste.

3. One-act plays should require from twenty to forty-minutes to perform; full-length plays, from two to two and one-half hours.

4. Each play should be typewritten on one side of the sheet, with name and address of author, together with return postage, in separate sealed envelope attached. The author should keep one copy.
5. Authors should send manu-

scripts to college, state center, or national headquarters as indicated, and without comment. The last day for handing in manuscripts is May

Each college or center will formu late its own rules for conducting the The one best manuscript of each college and the five best man uscripts of each state center are to be sent to the State Judges not later than June 1st, 1927. The state judges will select the winning manuscript of each of the three state contests not later than July 1st, 1927, and send them to the National Judges, care of Play Department, Longmans Green & Company, 55 Fifth Avenue

Entrants to the Biblical contest will send their manuscripts direct to Drama League of America, 59 East Van Buren Street, Chicago.

The state centers, State Judges and National Judges were announced in the December, 1926, issue of the Drama Magazine, the official organ of the contests.

The four winning plays will be produced and published the following year, according to the conditions con stituting the terms of contract be-tween the author, publisher, and pro-

Professor Farquhar is state chair-man of a committee of judges for this

It is believed that many of the university students will be interested in this contest and they are requested to see Professor Farquhar or Mr. Shackelford soon in order to start

STUDENTS SUFFER IN CLASH WITH FACULTY

(CONTINUED FROM PAGE ONE)

osses with little or no material suc In a few sectors the Studenti by sturdy and sustained fighting penetrated deep into the enemy territory but their success availed nothing as their comrades on either side could not sustain the drive and they were forced to retire to avoid being flanked and captured.

Fighting continued for six days.
Sunday was declared a truce during which both armies rested and buried their dead. The action began again next morning and continued until Friday evening when the Studenti leaders, seeing the futility of any more fighting, called a truce and accepted the humiliating terms of peace offered

At the cessation of hostilities, the Facultate army remained in most of their original positions, having been dislodged from them in only a very few sectors. It was in the Journal-ism front that the Studenti forces achieved their greatest success. Al though that segment of the Facultate line was defended by the pick of their troops, Company A of the sec-ond battalion, the Studenti took their positions at the first assault and captured great numbers of the enemy. In the Anatomy and Physiology sectors the Studenti were also victors though their success was less signal than on the Journalism front. On the Gym, Education and Commerce fronts the Studenti had considerable

Along the Engineering front the Facultate forces held firm and repulsed all the attacks of the assaulting troops with little trouble. On the Chemistry front the Studenti lost termination of the control ribly and made no headway against the strong front of the Facultate. It was in the English sectors that the Studenti lost heaviest. In front of the entrenchments of "D" and "E" the entrenchments of "D" and "E" companies who occupied that section of the Facultate line, Studenti dead were piled in great mounds, mute evidence of the fierceness of the attack and the sturdy defense of the "crack" troops of the Facultate army. The work of restoration has been going on rapidly. The bodies of the slain have been sent to their respec-

slain have been sent to their respec-tive homes. Great numbers of the wounded Studenti are lying in Lexington hospitals or in their own fra-ternity houses with their standings shot away. The Studenti forces are in a state of terrible depletion.

Here's Your Chance

Kernel Will Give Theater Pas Free Each Week

Someone once said, "it pays to advertise," all of which may be all right so far as we are concerned. The Kernel wishes to say, however, that "it will pay someone to The Kernel advertisements." The lucky one's name will be printed n ad on one of the pages of The Kernel each week and if, on discovering his name, he (or she) will call at The Kernel office he will be presented a double pass to the Kentucky Theater to be used as he sees best. You may be the ticket winner this week, or perhaps next week—just read The Kernel ads, and make the Goats do it.

the second semester of the school year. While approximately two hundred new students entered the university this week, about five hundred old students did not return. Various reasons were given by students for not re-entering, such as graduation, acceptance of positions, departure for new fields to conquer, and the old stand-by-poor scholarship.

The same system of registration was employed this semester as in past years. Advanced registration for old students was held on Wednesday, January 26 but only 500 students en-rolled at that time. Regular regis-31 and at the end of that day's work 1848 students were enrolled for the second semester. Some students were not able to register Monday and for their convenience, students have been allowed to register during certain ours on other days this week.

Registration this year was notice able for the lack of confusion and congestion which have marked registration in former years.

Speaks to Club

Prof. E. J. Kinney Talks on Lime and Alfalfa Week

Prof. E. J. Kinney, of the Experient station of the university, spoke before the members of the Kiwanis on Tuesday, in interest of "Lime and Alfalfa week" to be observed in Fayette county, February 7 to 12.

Prof. Kinney stated that the soil in Fayette county was able to produce much more than is being produced at present, but that more legumes must be raised in order sweeten the soil. He said that alfalfa was the most important crop that could be grown and that three crops could be cut in one sea

County Agent L. C. Brewer, who was unable to attend the meeting, hopes to have the farmers of Fayétte county agree to spread 15,000 tons of lime this year and plant at least 1,000 tons of alfali.
